

# TRANSITION TO PRIMARY ONE

## Tips for Parents

### Guide Your Child in His Learning

- ✓ Help your child to develop a routine for school and homework.
- ✓ Understand your child's strengths and weaknesses.
- ✓ Have realistic expectations and achievable goals for your child.
- ✓ Create a conducive learning environment that suits your child's learning needs.
- ✓ Join a parent support group or be a volunteer at the school to play an active role in your child's education.

### Familiarise Your Child with His School Environment

- ✓ Talk to your child about the new school routine, so he'll know what to expect.
- ✓ Attend the school orientation with your child or show your child pictures of the school.

### Value Your Child

- ✓ Recognise that every child is unique.
- ✓ Appreciate your child's effort – focus on the process, not just the grades.
- ✓ Avoid comparing your child's performance with that of others. Be generous with your praise.
- ✓ Make time to play with your child and enjoy his company.
- ✓ Encourage your child, especially when he is disheartened.
